

You get to help socialize dogs in more depth, you get to work closely with facility staff and you get some Shelby Humane Society swag! The WOOF PACK will be comprised of dedicated volunteers that want to help teach our dogs basic skills that will improve their chances of adoption. The Woof Pack is still in the early stage. You will walk the dogs and while walking them you will be able to use our enrichment trail with different training stations for the dogs. If you want more information or have any questions, please email mdempsey@shelbyhumane.org.
